BROTHER Printer TN-650 Toner Reset Instructions

1. Turn off the printer and open the front cover.
2. Press and hold the Go-button down.
3. Turn on the machine while still holding the Go-button down.
4. When all three LEDs are lit, release Go-button.
5. Press the Go-button twice, and all three LEDs should be lit again.
6. Press the Go-button six times.
7. Close the front cover and the toner counter should be reset.
