

BROTHER TN-850 Dark Copy Shortcut in Copying Mode

October 10, 2018

1. Go to Basic Functions, then to Copy.
2. Go to Options in the bottom left.
3. Scroll down to Contrast.
4. Move the slider to the darkest setting (+2), on the right.
5. Press Contrast to return to Options menu.
6. Press OK in the next screen.
7. Go to Shortcuts in the top right corner.
8. Select one of the + buttons.
9. Erase the default text.
10. Type in "Dark Copy".
11. Press OK at the bottom.
12. Go back to Basic Functions
13. To make a dark copy from now on, select Shortcuts at the bottom left. (You don't have to select Copy, as you have previously.)
14. Select "Dark Copy".
15. Press Start. The contrast setting will always be dark when you make a copy in Dark Copy.
